Lund Sweden

## Profile

As Front-End Developer with 7 years of experience, specializing in web application development, Agile, Scrum, and UX design. A strong history of leading diverse web development teams and executing multi-million-dollar projects for enterprise customers. Adept at driving innovation to deliver a world-class user experience. Proven ability to work in a fast-paced, team-oriented, dynamic environment. Enjoy taking on complex and challenging tasks. Love bringing designs to life and creating beautiful, usable experiences for all users. I also worked on all phases of the UI/UX process including research, journey mapping, information architecture, wireframing, interaction design, visual design, and design systems. Created and deployed new features to sustain and amend existing applications. Collaborated with a fully remote team of engineers, solution architects, product managers, and strategists to solve business challenges and create innovative products for clients.

## Skills

### Web/App

Built 20 more interactive, single-page React apps that could scale with both increase in interaction complexity and volume.

### UI Design

Experimented, explored, and developed new upto date UI building blocks used to create smart, beautiful, useful, enterprise-level software experiences.

### Frontend

Utilized HTML, CSS, and JavaScript to create 100+ responsive landing pages for both company and client.

## Technical

|                  |         |                            |
|------------------|---------|----------------------------|
| HTML             | Vue.js  | GitHub, git                |
| CSS              | React   | XD, Figma, Sketch          |
| JavaScript       | Swift   | Adobe Creative Cloud       |
| TypeScript       | Json    | OS X/Windows XP/Vista      |
| jQuery/Bootstrap | Node.js | Agile methodologies, Scrum |

## Experience

### Online Teaching

Front-end , UI/UX Design Mentoring

2020-Current

Mentored junior front-end developers on team in expanding JavaScript, React, and Angular skillset. I mentor professionals pursuing a new career in the field of UI/UX design.
